SUMMARY

💻 [byte-49](#)

📍 Bihar, India

I am a passionate Computer Science diploma student eager to become a skilled software engineer. I thrive on exploring technologies, developing web applications, and applying artificial intelligence concepts in real-world projects. With hands-on experience through internships and self-initiated projects.

WORK EXPERIENCE National Institute of Electronics & Information Technology (NIELIT)

Internship

Machine Learning

May 2025 - June 2025

- Built predictive **Machine Learning models** with **Python**, improving decision-making through accurate insights and data-driven solutions.
- Collaborated with **mentors** and **team members** in an **Agile** environment, contributing to **development tasks**, **code reviews**, and timely project delivery.

Project - Jarvis Speech Recognition System

Skills - Python, Speech Recognition, OOP, libraries, Git.

- Developed a voice-controlled virtual assistant (Jarvis) using Python for speech recognition and task automation.
- Implemented speech-to-text and text-to-speech functionality for voice interaction.
- Integrated Python libraries.
- Designed command-based logic to process user inputs and trigger actions.
- Tested and debugged system for real-time performance.

National Institute of Electronics & Information Technology-(NIELIT)

Internship

Oct 2024 - Nov 2024

Web Designing

- Designed and implemented user-friendly, responsive **UI components** to improve usability, accessibility, and overall **user experience across devices**.
- Assisted in **troubleshooting**, **debugging**, and resolving **frontend** issues to improve application stability, usability, and overall **user experience**.

Project - Travel web app

Skills - HTML, CSS, JavaScript, MySQL, MongoDB | Express.js | React.js | Node.js | EJS | Passport.js | Multer | Cloudinary | Mapbox | Bootstrap

- Easy Booking: Users can book flights, hotels, and travel packages quickly in one place.
- User-Friendly Design: The app is simple to use, so anyone can plan a trip easily.
- Travel Information: It provides details about destinations, prices, and available services.
- Time Saving: The app saves time by giving all travel services in a single platform.

EDUCATION

Government Polytechnic collage Vaishali, Bihar

August - 2023 - Present- 2026

Polytechnic - Computer Science & Engineering

sgpa - 9.0 (last sem.)

Sk Mother International School, Muzaffarpur, Bihar

March - 2022 - June -2023

Matriculation - Percentage - 75%

SKILLS

Programming Language:- Python, JavaScript, SQL, C.

Database:- MySQL, MongoDB.

Frontend:- HTML, CSS, JavaScript, React.js(Basic).

Data Engineer & Analyst:- Pandas, NumPy, Data Cleaning & Preprocessing, Jupyter Notebook, Excel.

Cloud:- AWS(Lambda, EC2, S3, RDS, Glue, Cloud Watch)

Tools:- Git, VS code, Notebook, Cursor ai
